

Art collectors Alexander and Carrie Vik have added yet another luxury property to their Uruguay portfolio with the opening of **Bahia Vik** in José Ignacio. Guests have a choice of rooms in the main building, all with private terraces, or 11 beach-front bungalows, each steps from the Atlantic Ocean with unique décor and art. An added bonus: the Viks' new restaurant, La Susana, is right next door and poised to give local favorite La Huella a run for its money. —*Rima Suqi*
